## I am Intuitive.

We have learned to listen to our clients and guide them to listen to their intuition because nobody knows what's best for you then you.

## I have Good karma.

Choose from an a la carte menu to customize your own wonderful treatment or have one of karma's experienced skin care gurus customize a treatment for you. In this session what you ask for, you shall receive. You set the intention and karma will provide the space for you to relax, reflect and manifest greatness into your daily life. We wouldn't put our signature on it if we didn't believe in it.

## \*\*\*I am Balanced.

Going through the motions in life we forget to nurture ourselves. When there is an imbalance in our lives the first place it shows up is on our skin and this has been labeled as acne. Typically it is a combination of many things. Not enough water, stress, diet, and lack of exercise are usually at the top of the list. Without the balance of these very important things your skin can become dry, sensitive and/or experience breakouts. We believe this treatment will address these issues and help to get you and your skin back into balance.

**60 minutes** **90 w/peel 100**

Get a 30 min. custom facial or one of our Advanced Peels. Take a breath and let you and your skin breathe again. Go about your daily life with your best face forward.

Microdermabrasion is a machine that uses a little wand with micro fine crystals. It is passed over the face to exfoliate build up and refine your skin helping to reduce the appearance of fine lines, wrinkles, and sun damage. It's like a magic wand that will refresh your skin and slough away a few years.
