***I am a Bronzed Beauty.

This treatment will have you looking like you were kissed by the sun without the sun's harmful rays touching your delicate skin. Your body will be polished with a micro fine scrub which will then be removed with warm towels. Lastly we will apply a bronzing cream with soothing massage strokes. You will look and feel like you stepped off the plane from a tropical vacation.

I am Glowing.

Sugar and spice this treatment is everything nice. Make your body glow with a warm organic sugar polish or a therapeutic sea salt scrub. Your skin is the largest organ and needs to be exfoliated to fully function. Both exfoliation treatments include essential oils to put your mind and body at ease.
